About The Festival

The Latine Film Fest is an evening showcasing award-winning international and locally made Latine films, with a portion of net ticket proceeds supporting immigrant justice through CHIRLA.

We are dedicated to elevating the voices of Latine filmmakers, inspiring youths to pursue art, and creating opportunities for emerging artists.

Date: October 10, 2026

Location: Tower Theatre, Fresno

Our Audience

The festival primarily reaches the Central Valley's thriving Latine community, while welcoming diverse audiences from all across the region. Our attendees include families, artists, filmmakers, students, and community members who value cultural representation and independent storytelling.
